

2026 REPORT CARD

CULTURAL

Gladstone Healthy Harbour Partnership

What is the Cultural component?

The Cultural component celebrates the deep connections people share with Gladstone Harbour.

It explores how the harbour shapes identity, pride, and sense of belonging and how the harbour supports our lifestyle, well-being, and appreciation of its cultural, spiritual, and historical significance.

The 2027 Gladstone Harbour Report Card will report on Cultural health differently.

2022	2023	2024	2025	2026
C	C	C	B	B

Sense of Place has remained stable over the last decade, indicating that community expectations of Gladstone Harbour are being met.

In 2025, the movement of the Indigenous Cultural Heritage indicator shifted the Cultural component to a Good (B) grade.

Take a peek at the new Cultural indicator - coming in 2027.

HARBOUR BENEFITS

How does the harbour contribute to people's lives, wellbeing and sense of place?

HARBOUR VALUES

What aspects of the harbour do people value most and want protected for future generations?

PERSONAL ACTIONS

How do people help care fore and protect the harbour environment?
Do people feel they can make a positive difference to the future of the harbour?
